Mr. Bidyut Majumdar
Founder President
Asian Institute of Allied and Healthcare

Rarely does time accord man the opportunity to serve mankind. It is my proud privilege to extend a hearty welcome to you all for choosing **Asian Institute of Allied and Healthcare** to fulfill your dreams of becoming one of the best medical professionals. It was established in the year 2013 with an objective of spreading knowledge and serving the nation. Our institute believes in providing close to life experience.

Asian Institute of Allied and Healthcare is a recognized institute, affiliated from Srimanta Sankaradeva University of Health Sciences. Approved by Health Department, Government of Assam.

I cordially welcome all the students to join our institute and wish them a successful and a bright future.

Mr. Bidyut Majumdar

Dr. Alankrita Pathak (PT)
Director Academic
Asian Institute of Allied and Healthcare

It is a pleasure and honor to welcome the students to be a part of **Asian Institute of Allied and Healthcare**. AIAH has realized the objectives and dissemination and application of scientific knowledge.

We are privileged to have a great combination of dynamic management with a vision of academic excellence and a team dedicated lecturers and resource personnel, who are under the determination of realizing the vision goals.

The institute believes in value based education, practice and emphasizes on self sustenance and overall personality development. Our institute is well equipped with modernized teaching aids, multimedia, 3D class rooms.

We take pride in our students getting their achievements and leaving their footprints everywhere by serving the nation.

A handwritten signature in black ink that reads "Alankrita Pathak".

Dr. Alankrita Pathak

Profile

AIAH is the first institute of its kind in the city of Guwahati. The institute with an expertise team of faculties provides a unique platform for diverse and creative education. AIAH is well versed with facilities and quality education for the students. The over changing expectation of the present competitive world that are being easily covered by AIAH where it commits to impart worthy educations for bright career aspects.

The trust has been conceived to impart world class education in the Medical/ Allied sciences to manage and open Charitable Hospitals/ Diagnostic Centers, holding free medical camps, giving scholarships to poor needy students and to provide help to persons affected by natural calamities like earthquake, flood. etc. In country like India where there is high rate of unemployment these courses are designed to provide immediate employment to the candidates. There is a huge requirement of laboratory Technician and physiotherapist in Assam. In the recent years there is a huge demand in requirement and hike in the salary as Hospital's like **Narayana, Ayursundra, Apollo** have opened their branches in Guwahati. All the topmost laboratories of the country are opening their franchises in Guwahati & it is one of the proud moment for us that one of the renowned hospital AIIMS have started operating in Assam. All the laboratories of the state is being accredited under NABL & hospital is being accredited under NABH. In NHM there is a huge requirement in the medical staff and as we all know that the criteria to be appointed in the Diploma & Degree course from a recognized university with at least one year of Experience and our Institute fulfills fast dreams of the students.

Our institution is providing the best of its ability to make the students come in the competitive field with our best teaching staff and well equipped laboratories and availability of books in the digital library.

Objective

The area of Allied Science is to enable our training programme to meet the global challenge. Our experience and outreach in the information technology is well accepted. The mix of Allied Education and Information Technology as per with higher learning strategies of the competing world is our focus at present. In this respect it is pertinent to note that the society today is at the doorstep of a global challenge. As nation we have gone ahead in many respects. But there are still areas, which demand attention, care and concern. The institute aims to provide trained, qualified, technical personnel in the field of Allied Science to support the medical profession. The objective of the Allied Science education programme is to ensure the educational opportunities for development of skills. The emphasis of the Allied Science education programme is on developing a cadre of small entrepreneurs, especially from amongst Girls, Women, SCs, STs, Rural youth.

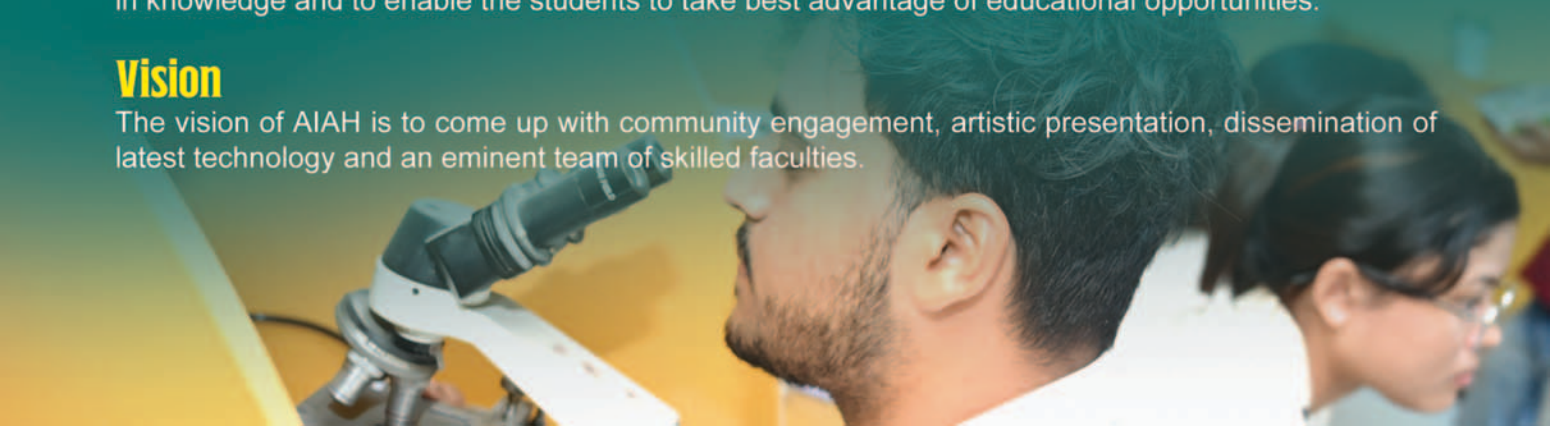

This programme conceived as "Total Employment training for Total Development", focuses on the concept of turning the unskilled to the skilled.

Mission

Our mission at AIAH is to provide inevitable standards of learning, to create an disseminate excellence in knowledge and to enable the students to take best advantage of educational opportunities.

Vision

The vision of AIAH is to come up with community engagement, artistic presentation, dissemination of latest technology and an eminent team of skilled faculties.

Bachelor in Physiotherapy (B.P.T.)

The Bachelor of Physiotherapy (B.P.T.) is a professional undergraduate healthcare program that prepares students to assess, diagnose, treat, and prevent physical disabilities, movement disorders, and injuries through evidence-based physiotherapy techniques. The course combines theoretical knowledge with extensive clinical training to help restore mobility, reduce pain, improve physical function, and enhance patients' overall quality of life. It typically includes four years of academic study followed by a compulsory clinical internship, enabling students to gain practical experience in hospitals and rehabilitation centers. BPT graduates play an essential role in multidisciplinary healthcare teams, working with patients recovering from orthopedic injuries, neurological disorders, sports injuries, cardiopulmonary conditions, and other physical impairments. The program equips students with scientific knowledge, clinical skills, ethical values, and communication abilities required for a successful career in physiotherapy and rehabilitation.

Duration: 5 Years (4 Years Academic Programme + 1 Year Compulsory Rotatory Internship)

Intake Capacity: 40 Seats

Eligibility Criteria : Candidates seeking admission must satisfy the eligibility conditions prescribed by SSUHS and regulatory authorities. Fulfilment of eligibility criteria does not guarantee admission and is subject to seat availability and merit position.

- H.S. (Science) or equivalent with 50% marks in Physics, Chemistry & Biology (PBC) and 40% marks for OBC/ MOBC, SC, ST(P) and ST(H) students **without grace marks**.
- Applicant must be a minimum **17 years on 31st December** of the year in which admission is sought.
- Students must have appeared in **Common Entrance Exam (CEE)** of the relevant academic year.

Bachelor in Medical Laboratory Science (B.M.L.S.)

The Bachelor of Medical Laboratory Science (B.M.L.S.) a professional undergraduate healthcare program designed to prepare students for careers in medical diagnostics and laboratory medicine. The course provides comprehensive knowledge of laboratory techniques, disease diagnosis, sample analysis, quality control, and modern diagnostic technologies used in healthcare settings. It combines theoretical learning with practical laboratory training to develop skilled professionals capable of supporting accurate diagnosis, treatment, and prevention of diseases. Throughout the program, students gain expertise in areas such as clinical biochemistry, hematology, microbiology, pathology, Immunology, molecular diagnostics, and laboratory management. They learn to handle sophisticated laboratory equipment, perform diagnostic tests, maintain laboratory safety standards, and ensure the reliability and accuracy of test results. BMLS graduates play a vital role in the healthcare system by assisting physicians and other healthcare professionals in detecting diseases, monitoring patient health, and contributing to public health and research initiatives. The program also emphasises ethical practice, scientific inquiry, communication skills, and professional responsibility, preparing students for careers in hospitals, diagnostic laboratories, research institutions, blood banks, public health organisations, and the biomedical industry. In conclusion, the Bachelor of Medical Laboratory Science is a dynamic and career-oriented program that equips students with the scientific knowledge, technical competence, and professional skills required to become efficient medical laboratory professionals and contribute significantly to modern healthcare and disease diagnosis.

Duration: 4 Years

Intake Capacity: 50 Seats

Eligibility Criteria : Candidates seeking admission must satisfy the eligibility conditions prescribed by SSUHS and regulatory authorities. Fulfilment of eligibility criteria does not guarantee admission and is subject to seat availability and merit position.

- H.S. (Science) or equivalent with 50% marks in Physics, Chemistry & Biology (PBC) and 40% marks for OBC/ MOBC, SC, ST(P) and ST(H) students **without grace marks**.
- Applicant must be a minimum **17 years on 31st December** of the year in which admission is sought.
- Students must have appeared in **Common Entrance Exam (CEE)** of the relevant academic year.
- Lateral entry to the candidates in second year (3rd semester) who have passed Diploma in Medical Laboratory Technology (DMLT)

Facilities and Infrastructure at AIAH

Top class infrastructure plays a prominent role in the success of any educational institute these days. The institute has started its own proposed campus at Kahilipara.

CLASS ROOMS

It includes spacious and well ventilated class rooms. All rooms are equipped with comfortable sitting facilities and as well as adequate teaching aids like white board, display board, seating capacity of each room is sixty. For the first time in medical field we are introducing 3D classrooms.

LABORATORIES

The institute has separate, well-equipped laboratories for each department, including Anatomy, Physiology, Pathology, Haematology, Biochemistry, Microbiology, Exercise Therapy, and Electrotherapy. These laboratories provide students with hands-on practical training, helping them develop the technical skills and clinical competence required for their respective disciplines.

LIBRARY

The central library is digitalized with modernized Infrastructure.

COMPUTER LABS

The institute has hi- tech computer facilities for the access of the students.

OTHER FACILITIES

The electricity and water supply is constant around the clock. The institute has safe drinking water through Aqua guards and water coolers.

TRANSPORT FACILITY

AIAH provides transport Facilities for the students.

RECREATIONAL FACILITY

Outdoor Game, Music, Dance are the recreational facility provided for the students and staff.

PLACEMENT

AIAH has a separate *Career and Placement* cell which helps the students to avail a better future in the respective aspects.

PRACTICAL CLASSES

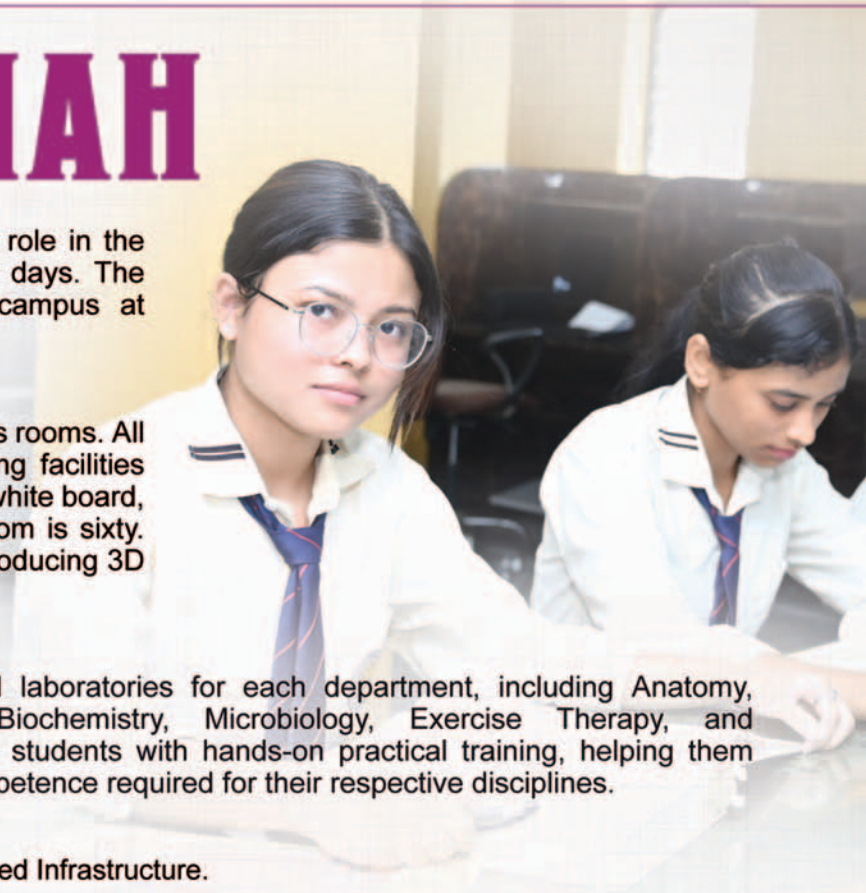

Practical classes are conducted within the college using well-equipped equipment to provide students with a strong foundation in laboratory skills. For enhanced clinical exposure and hands-on experience in real diagnostic settings, students are also posted to reputed government and private hospitals, including GMCH, Kokrajhar Medical College, Nalbari Medical College, Hayat Hospital, and GNRCH. These clinical postings help students gain practical knowledge, develop professional competence, and understand real-world diagnostic procedures under the guidance of experienced healthcare professionals.

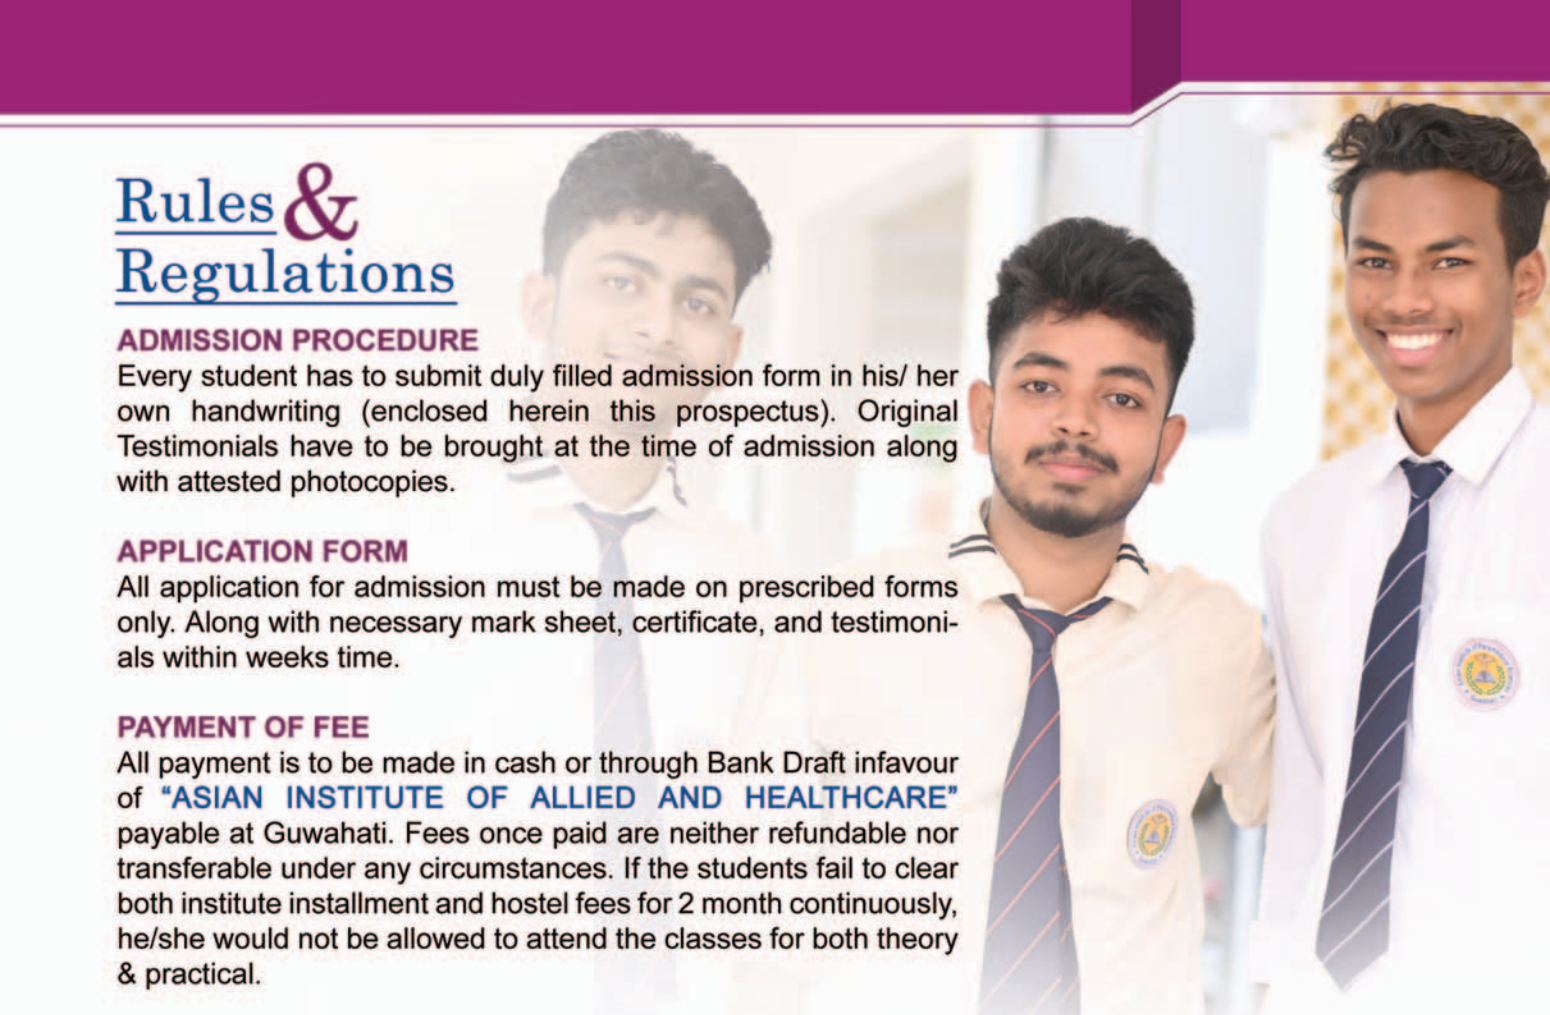

INSTITUTE/ COLLEGE UNIFORM

The uniform is compulsory to all the students of AIAH.

VISITING EXPERTS

The institute is proud of getting full co-operation from the leaders of Diagnostics, Well qualified Pathologist & Physiotherapists. They will be invited to hold discussions with the students in the matters related to practical and theoretical training, research and management.
